

CURRICULUM VITAE

KENNETH G. RICE

USGS-BRD
FLORIDA CARIBBEAN SCIENCE CENTER
RESTORATION ECOLOGY BRANCH
UNIVERSITY OF FLORIDA FIELD STATION
3205 COLLEGE AVENUE
FORT LAUDERDALE, FL 33314

BIRTH DATE: October 28, 1963

MARITAL STATUS: Single, no children

TELEPHONE: (954) 577-6305

E-MAIL: ken_g_rice@usgs.gov

EDUCATION: BS (Fisheries & Wildlife Science) 1986 –
NORTH CAROLINA STATE UNIVERSITY

MS (Wildlife Ecology) 1992 - UNIVERSITY OF
FLORIDA - Thesis: “Alligator nest production
estimation in Florida.”

PhD (Wildlife Ecology) 1996 - UNIVERSITY OF
FLORIDA - Dissertation: “Dynamics of exploitation on
the American alligator: environmental contaminants and
harvest.”

PROFESSIONAL EXPERIENCE:

1998-Present - Wildlife Biologist (Research), Restoration Ecology Branch, Florida Caribbean Science Center, USGS - BRD, Miami, Florida.

1997-2000 - Adjunct Assistant Professor, DB Warnell School of Forest Resources, University of Georgia, Athens, Georgia.

1997-1998 - Wildlife Biologist (Research), Visiting Unit Scientist, Georgia Cooperative Fish and Wildlife Research Unit, USGS - BRD, Athens, Georgia.

1996-1997 - Wildlife Biologist (Research), Florida Cooperative Fish and Wildlife Research Unit, USGS - BRD, Gainesville, Florida.

1994-1996 - Student Trainee, Florida Cooperative Fish and Wildlife Research Unit, National Biological Service, University of Florida, Gainesville, Florida.

1992-1996 - Graduate Research Assistant (PhD), Dept. of Wildlife Ecology and Conservation, University of Florida, Gainesville, Florida.

1990-1992 - Student Trainee, Florida Cooperative Fish and Wildlife Research Unit, Fish and Wildlife Service, University of Florida, Gainesville, Florida.

1989-1992 - Graduate Research Assistant (MS), Department of Wildlife and Range Sciences, University of Florida, Gainesville, Florida.

1987-1992 - Biological Scientist, University of Florida, Gainesville, Florida.

1987 - Environmental Education Instructor, Rock Eagle Environmental Education Center, University of Georgia, Eatonton, Georgia.

1986 - Teaching Assistant, Dept. of Fisheries and Wildlife Science, North Carolina State University, Raleigh, North Carolina.

GRANT PROPOSALS FUNDED:

(I acted as principal investigator or co-principal investigator on each of these grants.)

2001 - Ecology and Management of Wildlife in the Everglades Agricultural Area. With F.J. Mazzotti and C. Deren. EAA-EPD. \$445,000.

2001 - Effects of Public Land Use on Threatened, Endangered, and Ecosystem Restoration Indicator Species' Populations and Habitats in Big Cypress National Preserve. with F.J. Mazzotti and R. Bennetts. USNPS. \$270,000.

2001 - Relative distribution, abundance, and demographic structure of the American alligator in relation to habitat, water levels, and salinities. with F.J. Mazzotti and L.A. Brandt. USNPS. \$400,000.

2001 - Mapping and Characterizing Aquatic Refugia in Everglades National Park and Arthur R. Marshall Loxahatchee National Wildlife Refuge. with F.J. Mazzotti, L.A. Brandt, and L. Pearlstine. USNPS. \$106,000.

2001 - Effects of the Nonindigenous Treefrog *Osteopilus* on Native Hylids in Protected Areas of South Florida. USGS/BRD. \$50,000.

2001 - A Feasibility Study for the Use of Ground-Penetrating Radar in Mapping Aquatic Refuges and Predicting Landscape Formation in Permanently Flooded Wetlands. With W. Loftus, K. Cunningham, and C. McVoy. USGS/BRD. \$35,000.

2000 – Amphibian inventory and monitoring of Everglades National Park, Big Cypress National Preserve, Virgin Islands National Park, Biscayne National Park, and Buck Island National Monument. with H.F. Percival and R.R. Carthy. USGS/BRD and USNPS. \$336,000.

1999 - Compilation of alligator data sets in South Florida for restoration needs. with F.J. Mazzotti. USGS/BRD. \$190,000.

1999 - American alligator distribution, thermoregulation, and biotic potential relative to hydroperiod in the Everglades. with H.F. Percival. USGS/BRD. \$425,000.

1998 - Parameter estimation and simulation modeling of American alligator populations in support of ATLSS. USGS/BRD. \$215,000.

1997 - Analysis and Critique of Georgia's Alligator Monitoring Program. GADNR. \$7100.

1996 - American alligator distribution, thermoregulation, and biotic potential relative to hydroperiod in the Everglades. with H.F. Percival and C.L. Abercrombie. USGS/BRD. \$430,000.

1996 - Egg viability and population trends of Lake Apopka's alligators: relationships among population and biological parameters and environmental contaminants. with H.F. Percival and T.S. Gross. St. Johns River Water Management District. \$15,000.

1995 - Determination of appropriate harvest strategies for alligators. with H.F. Percival. Florida Game and Fresh Water Fish Commission. \$5,000.

1994 - Egg viability, sexual development, hatchling viability, and growth in alligators from Lake Apopka and Lake Beauclair. with H.F. Percival, L.J. Guillette, and T.S. Gross. St. Johns River Water Management District. \$30,000.

1993 - Alligator egg viability and population trends on Lake Apopka, Florida. with H.F. Percival, L.J. Guillette, and T.S. Gross. St. Johns River Water Management District. \$10,000.

1993 - Disruption of endocrine function and reproductive potential by environmental contaminants on Lake Apopka's alligators and other taxa. with H.F. Percival, L.J. Guillette, and T.S. Gross. U.S. Environmental Protection Agency. \$60,000

1992 - Alligator egg viability and population trends on Lake Apopka, Florida. with H.F. Percival, L.J. Guillette, and T.S. Gross. St. Johns River Water Management District. \$10,000.

1991 - Nesting biology of the American alligator in Florida. with H.F. Percival and G.R.

Masson. U.S. Fish and Wildlife Service. \$50,000.

1990 - Alligator population and nest production estimation. with H.F. Percival. Florida Game and Fresh Water Fish Commission. \$60,000.
