

Table 3. Water withdrawals by category in Florida by water management district, 2012

[Sources: U.S. Geological Survey, Florida Water Science Center (<http://fl.water.usgs.gov/>), St. Johns River Water Management District, 2013, and Ferguson, 2014. All values in million gallons per day. District totals may not be identical to data reported or published by the water management districts because of differences in data-collection procedures and categories of use or revisions in reported values. General locations of water management districts are shown in figure 1]
